Variable Rate. The Interest Rate for purchases, cash advances, balance transfers and any penalty rate is subject to change and is based on an Index rate plus additional percentage points, called the "Margin", which is added to the Index rate.

The Index for your account is the highest U.S. Prime Rate as published in "Money Rates" table of *The Wall Street Journal* on the first day or each month will change on the 1st day of the billing cycle date following the Index publication date.

If this Index ever becomes unavailable, the credit union will choose a new Index which is based upon comparable information.

The Margin may be different for purchases, cash advances, balance transfers and any penalty rate. The Margins and Interest Rate applicable to your account are disclosed in this Addendum and may be subject to minimum and maximum Interest Rates. In any case the Interest Rate will never be greater than the maximum amount permitted by law. Any increase in the Interest Rate will take the form of additional payments.
